

## Report on **World Water Day**

The Green Environment Club, Department of Applied Sciences., Galgotias College of Engineering & Technology, celebrated **\*World Water Day\*** on 22 March, 2023 with the theme of Accelerating the change to solve the water and sanitation crisis, underlining the vital importance of taking decisive action to address the global water crisis.

The Green Environment Club Coordinator Dr. Bipin Kumar Srivastava & club members organized online quiz.

Dysfunction throughout the water cycle undermines progress on all major global issues, from health to hunger, gender equality to jobs, education to industry, and disasters to peace.

The world committed to Sustainable Development Goal (SDG) as part of the 2030 Agenda – the promise that everyone would have safely managed water and sanitation by 2030.

Billions of people and countless schools, businesses, healthcare centres, farms, and factories are being held back because their human rights to water and sanitation still need to be fulfilled.

The Green Environment Club organizes **Online Quiz** on the occasion of World Water Day on 22 March, 2023 with the theme of Accelerating the change to solve the water and sanitation crisis, With the following link: <https://forms.gle/4P6vfTWmNbe7cmr67>. Approx. 100 candidates participated in online quiz.
