

## **“PLANTATION DRIVE”**

**Organized By**

**Green Environment Club**

**Department of Applied Sciences, Galgotias College of Engineering and Technology**

The Green Environment Club of the Department of Applied Sciences, Galgotias College of Engineering and Technology organized a “Plantation Drive” on 26th November 2021 as a part of the induction programme for newly admitted first-year B.Tech. students. The event aimed to promote environmental awareness and encourage students to contribute towards a greener and healthier environment.

The programme received enthusiastic participation from students, faculty members, and staff members. Students actively took part in the plantation activity and expressed great interest in environmental conservation and sustainable living. The initiative was coordinated by Dr. Bipin Kr. Srivastava under the guidance of Dr. Rajesh Tripathi, HOD, Applied Sciences and First Year Coordinator.

The resource person for the programme was Vinod Singh Solanki, popularly known as the “Green Man” for his deep commitment towards environmental conservation. He was warmly welcomed by Dr. Brijesh Singh, Director, GCET; Dr. Rajesh Tripathi, HOD; and faculty members of the Green Environment Club including Dr. Bipin Kr. Srivastava, Dr. Manju Kashyap, Dr. Anuradha Saha, and Ms. Pratiksha. Other faculty members of the department, including Prof. (Dr.) Pratap Kumar, Dr. Smriti Dwivedi, Dr. Dushyant Kumar, and others, were also present during the event.

To promote environmental awareness among students, teachers, parents, and society, Vinod Singh Solanki has visited several educational institutions and actively encouraged sustainable practices. He also gifted his book, *Environment, Health, and Values*, to the Department of Applied Sciences.

The plantation drive concluded successfully with the active participation of faculty members, staff members, and more than 100 students. An interactive question-and-answer session was also conducted, during which valuable suggestions were shared regarding environmental conservation, sustainable development, and the long-term protection of Mother Earth.
