The final year results of even semester examination, session 2025-26 conducted during 07/05/2026 – 11/06/2026, are being declared. In view of the timely determination of the merit list for the upcoming University convocation, the application process for Challenge Evaluation will be conducted in two phases as follows:

- 1. First Phase:** Applications are invited only from those students who have a high CGPA or marks and believe that a potential revision in their marks after Challenge Evaluation would likely include them in the university/institute-level merit list.  - **For results declared after June 17, 2026:** Eligible students can submit their online applications within three (03) days from the date of result declaration to be included in the merit list based on those results.
- 2. Second Phase:** Applications for Challenge Evaluation will be invited from all other interested students, the information for which will be provided separately by the university in due course.

The merit list for the upcoming convocation will be prepared only based on the results available after Challenge Evaluations completed under the First Phase. Any revisions in marks/CGPA resulting from applications received in the second phase will not be included in the said merit list.
