

Compliance of / Achieving Sustainable Development Goals # Policy

In GCET, the procedure being adopted for compliance of / achieving Sustainable Development Goals include :

1. Identification of Activities / Events / Works to be done
2. Assigning one-two SDGs' to a department for compliance of planned / suggested / deemed / applicable activities / events / measures / works etc.
3. Monitoring by IQAC
4. Feedback and Updating Plan

The details of SDGs with description of activities / events / major works to be done for their compliance are as per following :

S. No.	Goal	Brief Description	Activities / Events / Major Works / Measures to be Taken for Compliance	Remarks, if any
1	No Poverty	End poverty in all its forms everywhere	Provide scholarships, fee waivers, and financial aid to students from economically weaker sections, ensuring equal access to education.	
2	Zero Hunger	End hunger, achieve food security, and improve nutrition and promote sustainable agriculture	Organize food donation drives, community kitchens, and nutrition awareness programs for underprivileged groups.	
3	Good Health and Well-being	Ensure healthy lives and promote well-being for all at all ages	Organize regular health check-up camps, mental health awareness programs, and counselling services for students and staff.	
4	Quality Education	Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all	Provide inclusive learning environments with scholarships, digital resources, and support services for disadvantaged students. It can promote lifelong learning through skill-based courses, online learning platforms, and certification programs.	
5	Gender Equality	Achieve gender equality and empower women and girls.	Organize awareness programs on gender sensitivity, safety, and legal rights. Establishing anti-harassment cells and encouraging women's participation in academics, sports, and research further empower women and girls.	
6	Clean Water and Sanitation	Ensure availability and sustainable management of water and sanitation for all	Promote water conservation through rainwater harvesting, wastewater recycling, and awareness programs. Student initiatives can also focus on hygiene education and reducing water wastage.

S. No.	Goal	Brief Description	Activities / Events / Major Works / Measures to be Taken for Compliance	Remarks, if any
7	Affordable and Clean Energy	Ensure access to affordable, reliable, sustainable and modern energy for all.	Promote awareness through workshops and projects on sustainable energy technologies. Encouraging students to engage in energy-saving practices helps build a culture of responsible energy use.	
8	Decent Work and Economic Growth	Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all	Strengthen industry-academia collaboration to provide real-world exposure and fair work practices. Career guidance and placement support help students access productive and decent employment opportunities.	
9	Industry, Innovation, and Infrastructure	Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation	Promote industry collaboration through internships, projects, and technology transfer initiatives. Supporting student startups and sustainable infrastructure development on campus fosters innovation-driven growth.	
10	Reduced Inequality	Reduce inequality within and among countries	Ensure equal opportunities through inclusive admission policies, scholarships, and support for marginalized groups. It can promote diversity, equity, and inclusion through awareness programs and accessible infrastructure.	
11	Sustainable Cities and Communities	Make cities and human settlements inclusive, safe, resilient and sustainable	Promote eco-friendly campus practices such as waste management, green spaces, and sustainable transportation. It can engage students in urban planning, smart city projects, and community development initiatives.	
12	Responsible Consumption and Production	Ensure sustainable consumption and production patterns	Encourage waste reduction, recycling, and reuse practices across the campus. It can organize awareness programs on sustainable lifestyles and responsible resource use.	
13	Climate Action	Take urgent action to combat climate change and its impacts	By reducing its carbon footprint through energy efficiency, renewable energy use, and green campus initiatives. It can organize awareness programs, tree plantation drives, and climate-focused research projects.	
14	Life Below Water	Conserve and sustainably use the oceans, seas and marine resources for sustainable development	Organize awareness programs on marine pollution, plastic reduction, and ocean conservation. It can encourage research and projects focused on marine ecosystems and biodiversity.

S. No.	Goal	Brief Description	Activities / Events / Major Works / Measures to be Taken for Compliance	Remarks, if any
15	Life on Land	Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss	Promote tree plantation, biodiversity conservation, and green campus initiatives. It can support research and awareness programs on forest protection, soil conservation, and sustainable land use. Student-led activities such as eco-clubs and nature drives help protect and restore terrestrial ecosystems.	
16	Peace, Justice, and Strong Institutions	Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels	By fostering a culture of ethics, transparency, and inclusiveness through value-based education. It can organize awareness programs on human rights, legal literacy, and democratic values. Encouraging student participation in governance and conflict-resolution activities strengthens accountability and trust.	
17	Partnerships for the Goals	Strengthen the means of implementation and revitalize the global partnership for sustainable development	Support Partnerships for the Goals by collaborating with government bodies, industries, NGOs, and international institutions on sustainability projects. It can encourage joint research, internships, and community development programs.	
18	Partnerships for the Goals	Strengthen the means of implementation and revitalize the global partnership for sustainable development	Collaborate with government bodies, industries, NGOs, and international institutions on sustainability projects. It can encourage joint research, internships, and community development programs.
