DEPARTMENT OF EEE

Galgotias College
of Engineering & Technology

Chief Editor Pen Downs...

With enormous pleasure, I would love to present a denotation that EEE Dept. is going to unveil its II issue of the Newsletter, Electra. Since past few years it has been a continuous and massive process to lionize the ponderous efforts, where we can make every one learn and grow with us in the department. Being the HOD, its an indispensable responsibility to take all those endeavors at its pinnacle and hopefully Electra will be its epitome. I bestow my heartfelt gratitude to every student and faculty member who made this possible. I wish to get more sharp minds to get connected with us. All the best for future perspectives.
