CETPA ®
Training | Development | Placement

Date – 13th February 2018| Time – 2.00 pm – 5.00 pm| Venue – Seminar Hall, Block A

Department of Information Technology and Fusion Club in association with CETPA InfoTech Pvt. Ltd. organized workshop on Android Development on 13th February 2018

The workshop was based on Android along with coding from the ground level. First of all, the basics of programming and coding in Java language were taught to the students by the trainer Mr. N. Hasan. After that, the subject moved onto Android and app development.

It was a 4-hour workshop in which 83 students participated. In all, the students got a new insight to coding and learnt a lot about the new advancements and changes which are happening in the technological world and how to keep oneself updated with them.
