Department of Information Technology

Workshop on Python Programming in association with Ardent Computech Pvt. Ltd.

Date – 10th November 2017 | Time – 2.00 pm- 5:00 pm | Venue - E-105, Block E

Technology.... A thing that serves bread butter to today's generation... To add +1 to this amenity

A Workshop on Python Programming has been conducted by the IT Department of our college by ARDENT COMPTECH PVT LTD. under the guidance of Ms. Jasmine Bedi Khurana. Our HOD Dr. Vishnu Sharma is a very ambitious person and takes remarkable interest in organizing such workshops.

The workshop welcomed both the branches I.e. CS and IT to attend this knowledgeable evening. The trainer **Mr. Joyjit Guha** taught the students in the most possible interactive way. He taught programming and how to develop games through it.

The session was one of the most interactive session of the semester and was attended by 102 students. He not only taught us the programming language but also how to build a brighter future.
