**Online Education**

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.	<p>Galgotias College of Engineering and Technology works at synergizing theoretical knowledge and practical skills to promote all round professional competence amongst students. We, at the institute diligently focus on achieving not only the course outcomes but also the program outcomes as well for which the students are trained to apply the attained scientific knowledge to the solution of technical problems and then optimize the solution within the given material, technological, social and environmental constraints for the desired utility, comfort and advancement of mankind. This is actually achieved with the accomplishment of certain set goals of technical education including syllabus completion.</p> <p>The technical education through effective completion of syllabus is achieved through a systematic process pursued throughout each semester that includes:</p> <ul style="list-style-type: none"> <li>•A methodical academic planning through preparation of academic calendar before the beginning of semester.</li> <li>•Preparation of an efficient time-table through which courses are allocated to faculties as per their expertise. The faculties are competent enough to bring out the best in students through interactive teaching aids including power point presentations, use of real-life projects and video lectures.</li> <li>•Keeping a track of the progress of syllabus of all courses in all Departments.</li> <li>•In-time issue of all needed documents, circulars, notices to all concerned (including students).</li> <li>•Study/ course material is provided to all the students on GCET-ERP for all courses that helps them prepare their own notes. Not only this, animated Software / Simulation etc. are used by faculties to provide a better understanding of course contents.</li> <li>•Practice questions along with question banks are provided to students that prove a great help for the solution of complex engineering problems.</li> <li>•Problem formulation and solution of real-life situations are discussed with students related to Computer System and Programming, Elements of Mechanical Engineering and specific areas of relevant subject/s so that they are capable to competently design solutions, system components or processes for complex engineering problems that meet the specified needs taking into consideration safety and environment.</li> </ul> <p>Based on monitoring of overall academic affairs all suitable and possible measures are taken by the institute for not only completion of the syllabus but also improvement of overall academic performance in all programs. In-line with the same remedial/ revision/ extra/ doubt clearing classes are conducted to recall and strengthen the basic concepts and fundamentals of the subject/s concerned.</p> <p>The academic performance of students is minutely assessed after first CAE and on the basis of its result as well as the class performance of students the weak and bright students are traced out. The extra efforts are then being made for them by the respective course teacher/s in the form of assignments, solution of CAE question paper, solving of important questions and then discussing the same with the respective teacher concerned so as to know one's errors committed and weaknesses.</p> <p>In the Lab and classroom, our students relish the challenges posed in defining the world of science - research, technology and innovation through critical thinking. Students are given assignment and presentations individually as well in groups to develop team work. Each student is made to conduct the experiment individually in order to have hands-free on equipment.</p> <p>Also, an academic audit ascertains that the department/s in the institute have put sufficient quality assurance mechanisms in terms of strategies and procedures. An internal audit is conducted by the Internal Quality Assurance Cell (IQAC). The schedule of the IQAC audit is intimated in advance to the head of departments and respective coordinators.</p> <p>As a premier technical institution, we aim at accomplishment of our goals and objectives using available resources efficiently and effectively for integration of knowledge, skills, understanding and experience to provide creative and professional youth.</p>
