

CHILDREN'S DAY CELEBRATION

Children's Day was commemorated on November 16th in a government primary school by the CSE Department, GCET.

The students who took part were all really eager to interact with the school children. Together with the children, they played games and had a great time.

All of the decorations that needed to be produced for the day were initially handled by the CSE Department's decor team. The management team then started the celebration with some enjoyable games for the children. Our team had a great time dancing with the kids and showing them some awesome routines towards the conclusion.

A notepad, some stationary, and snacks were given to each child.

It aimed at developing a relationship of trust with the kids. Also to inspire kids to be better people. Being able to relate to some of the problems that kids face around the world and being willing to speak out or take action on behalf of all kids.
